

Emerald Isle Fairway 30-0-0 is a Professional Use product containing nitrogen and kelp extract.

- 3.8 liters (1 U.S. Gallon) of Fairway 30-0-0 contains 1.48 kg (3.26 lbs.) of nitrogen.
- 105 ml (4 oz.) of Fairway 30-0-0 contains .045 kg (.10 lbs.) of nitrogen.

Application Guidelines

Shake or agitate before use. Rates will vary, based on soil/tissue analysis and your agronomic needs. Apply in the early morning or late afternoon for best results. Use a spray adjuvant for superior coverage. Allow foliar product to dry on plant prior to irrigation.

Apply 118-117 ml per 93 sq. meters (4-6 oz. per 1,000 sq. ft.) every 7-14 days, as needed to maintain healthy turf.

Mixing Guidelines: Use a minimum of 3.8 liters of water carrier per 93 sq. meters (1 U.S. gallon per 1,000 sq. ft.). Fill mix tank with half of required spray water and turn on agitation. Measure product into tank, add remaining water and other soluble materials. Add a defoaming agent if desired, and adjust pH of tank-mix to neutral if necessary.

Compatibility: Emerald Isle liquids are concentrated materials. They are compatible with most fertilizers and chemicals but should not be mixed directly with other chemicals. They should be mixed in spray tanks with water and proper agitation. Conduct a jar test as needed to ensure compatibility with other products before tank mixing.

Fairway 30-0-0

Nitrogen Fertilizer

Guaranteed Analysis

Total Nitrogen (N)	30.00%
8.40% Ammoniacal Nitrogen	
8.40% Nitrate Nitrogen	
13.20% Urea Nitrogen	

Nutrients derived from: Urea, Ammonium Nitrate and Kelp Extract.

F 46

For 1 lb. of N per 1,000 sq. ft., apply 53 oz. over the course of the season.

This product is .10 kelp extract by weight.

Storage and Use Guidelines

Store in original containers at temperatures between 10°C and 35°C (50°F and 90°F). Mix with other materials only at time of application and in exact amounts required. To avoid contamination, do not return previously mixed product to its original container. Use all product within 12 months of original purchase date.

CAUTION! KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. May cause irritation. Avoid contact with eyes, skin, and clothing. Wear chemical resistant goggles and gloves. Do not take internally. Avoid inhaling mist or vapor. In case of contact with eyes, flush eyes with water for 15 minutes. If irritation occurs, seek medical attention.

Foliar fertilization is intended as a supplement to a regular fertilization program and may not, by itself, provide all the nutrients normally required by crops or other intended plants during the course of the year.
